$$\begin{aligned}x_{10} & \text{ voor } \left(\frac{1}{6}, \frac{1}{4}, \frac{1}{3}, \dots \right) \\&= \left(\frac{2}{12}, \frac{3}{12}, \frac{4}{12}, \dots \right) \\v &= \frac{1}{12} \\ \Rightarrow x_{10} &= x_1 + (10 - 1)v = \frac{2}{12} + \frac{9}{12} \\&= \frac{11}{12}\end{aligned}$$
